

URGENT: STOP SB 577 NOW

This bill **shields PFAS polluters** and **strips your local government of the right to sue** if your water is contaminated.

If SB 577 passes, your community loses its power to fight back.
Control goes to the state. Accountability disappears.

Even **Robert F. Kennedy Jr.** has long said those who poison Americans must be held responsible.

This is happening NOW.

Call your State Senator IMMEDIATELY.
Tell them: **VOTE NO on SB 577.**

Protect your water. Kill this bill.
